

## 2011 Rank Advancement Weeks 45-48

The following people are proudly recognized for their achievement of reaching the next rank advancement level in Vemma. Their success is a direct reflection of the efforts they consistently put forth in building their Vemma business and helping countless others along the way. For this, we sincerely congratulate each and everyone. Rank Advancement is based on four-week periods and is calculated during the last week of the four-week period. Your total number of paid cycles in a four-week period determines your rank within the rank advancement levels. This document shows the rank advancement achieved during weeks 45-48.
